

Village of Macedon  
January 24, 2013

**Press Release:** The Village of Macedon would like to inform the readers of the current status of the court decision with regards to the Village of Macedon Sewer treatment plant. The judge has granted a temporary restraining order, which prevents sewage treatment from being cut off, and the town continues to pay. The court is extending the terms of the December 26, 2012 Order to Show Cause. The judge is reserving on our motion to dismiss the entire lawsuit and in the current decision the judge has specifically stated that this extension of the temporary restraining order is without prejudice to anyone's position.

Thank you,  
Marie Cramer  
Mayor, Village of Macedon
